

SERVICE DE METROLOGIE NUCLEAIRE
NUCLEAR ENGINEERING

MASTER THESES

Academic year **2022-2023**

Students interested in an internship and/or a master thesis in the nuclear industry (Engie, Westinghouse, SCK-CEN Mol, Bel-V...) can contact Pierre-Etienne LABEAU (pierre.etienne.labeau@ulb.be) to know the industrial collaborators of the department.

Many master thesis topics are proposed by the **Belgian Nuclear Research Center in Mol (SCK-CEN)**:

http://academy.sckcen.be/en/Your_thesis_internship/AllTopics

Topics of particular interest to engineering physics students are related to the development of the research reactor MYRRHA, to nuclear safeguards, nuclear fuel and materials...
